RE: Withdrawal of Notification to Construct Generator Interconnection Network Upgrade

Dear Mr. Malone,

On April 16, 2014, Southwest Power Pool, Inc. ("SPP") issued Notification to Construct ("NTC") No. 200266 to Nebraska Public Power District ("NPPD") for Network Upgrade listed below to accommodate Interconnection Request GEN-2010-056. The Network Upgrade was identified in the SPP Definitive Interconnection System Impact Study ("DISIS") DISIS-2011-001, and assigned in the Generator Interconnection Agreement ("GIA") (SPP Service Agreement 2470).

In accordance with the terms of the GIA, the GEN-2010-056 Interconnection Customer has terminated the GIA on September 15, 2014. As a result, SPP is providing notice to NPPD to cease all work associated with the Network Upgrade listed below.

**Withdrawal of Network Upgrade**

**Previous NTC Number:** 200266  
**Previous NTC Issue Date:** 4/16/2014  
**Project ID:** 30816  
**Project Name:** Sub - Cooper 345 kV

**Network Upgrade ID:** 51105  
**Network Upgrade Name:** Cooper 345 kV Line Relaying  
**Network Upgrade Description:** Install new relays and relay panels at Cooper substation for the 345 kV line from Cooper to St. Joseph.  
**Reason for Change:** Customer has terminated the GIA, therefore project is no longer needed.

**SPP-NTC-200300**

**Withdrawal of Network Upgrade**

This letter is the formal notification to stop any further work on the Network Upgrade set forth above, collect any cost associated with the Network Upgrade, and provide this information to SPP.

All terms and conditions of the SPP OATT and the SPP Membership Agreement shall apply to this Project, and nothing in this NTC shall vary such terms and conditions.

Don't hesitate to contact me if you have questions or comments regarding these instructions. Thank you for the important role that you play in maintaining the reliability of our electric grid.

Sincerely,

Lanny Nickell  
Vice President, Engineering
