

2017 ITPNT Draft Portfolio & Supplemental Models

The draft portfolio and supplemental models for the 2017 ITPNT have been posted to [TrueShare](#). This draft portfolio for the 2017 ITPNT will also be discussed at the Engineering Planning Summit being held Thursday, February 23, 2017 at the SPP Corporate Offices in Little Rock.

[SPP Engineering Planning Summit 2/23/17 Online Registration](#)

Prior to this posting, SPP staff reviewed the proposed projects in the 2017 ITPNT and made a preliminary determination, based upon the information available, of whether each project met the requirements to be a Competitive Upgrade in Attachment Y, Section I (1).

If a project meets the requirements in Attachment Y, Section I (1) and (2) to be a Competitive Upgrade, SPP will be responsible for providing the cost estimates for the project via a third party. If the project did not meet the requirements in Attachment Y, Section I (1) and (2), SPP is requesting cost estimate information from the incumbent Transmission Owner. For more information, see [SPP Business Practice 7660](#).

This preliminary determination is solely for purposes of determining responsibility for cost estimates in the 2017 ITPNT draft list of projects, which will in turn be used to develop a draft portfolio. Staff may make additional changes to the portfolio before it is finalized. An official determination of whether a project meets the requirements to be a Competitive Upgrade in Attachment Y, Section I (1) will not be made until approval of a final portfolio by the SPP Board of Directors.

These files can be found on TrueShare under:

“Integrated Transmission Planning – Confidential and Protected Material and or Critical Energy Infrastructure Information-Do Not Release → 2017 ITPNT” in the *“2017 ITPNT Draft Portfolio”* and *“2017 ITPNT Supplemental Models”* folders.

FILE Information

FILE	DESCRIPTION
2017_ITPNT_Draft_Portfolio_02-16-2017.xlsx	2017 ITPNT Draft Portfolio
2017 ITPNT Supplemental Models.zip	2017 ITPNT Supplemental Models includes the 2017 ITP10 approved projects, Generation Interconnection and Transmission Service approved projects and known model corrections.

Information for obtaining the 2017 ITPNT models and draft project list

In order to obtain access to these documents in TrueShare, stakeholders must provide SPP with a signed [confidentiality agreement](#). Instructions can be obtained by clicking on the link. Please submit these forms via **RMS** through the “Request TrueShare Access” Quick Pick. After the executed confidentiality agreement is received, an account will be created for the requester on TrueShare. An email with

instructions for logging on will be sent to requester. For those that already have a TrueShare account, no additional action is necessary.

As a reminder, instructions for accessing the model information can be found on the SPP website [here](#).
