ITP Project List

List of projects with description, cost estimates, project type, and portfolios for which they have been selected

Notes

Projects with a "+" or "++" have been sent out for cost estimates in the second window, or are a combination of previously requested upgrades.

Groupings:

CE - Cost Effective

HN - Highest Net APC Benefit

MV - Multi-Variable

"*" - Project sent out in for Round 1 for cost estimate

"+" - Project added to project list after Round 1 of cost estimates

"++" - Project added to project list after the Engineering Summit

"0" - Project was initially considered or selected for grouping, but fell out based on BCR criteria or infeasibility

"1" - Project was selected for grouping and stayed in based on BCR criteria

"-" - Project did not get selected for grouping

Economic Need Notes

List of economic needs that are either resolved by model corrections or do not have a project chosen to address the need.

Need ID	Need Common Name	Model Correction	Comments
2019ITPE1N002 2019ITPE2N002	Clinton to Trumann 161kV FLO Overton to Sibley 345kV	Clinton to Trumann to Lost Valley 161 kV Ratings Correction based member feedback	Identified model correction resolves Economic need
2019ITPE1N008 2019ITPE2N006	Coffman to Huben 161kV FLO Franks to Huben 345kV	Coffman to Huben 161 kV Ratings Correction based on 2020 ITP models	Identified model correction resolves Economic need
2019ITPE1N015	Hale County to Tuco 115kV FLO Swisher to Tuco 230kV	Hale County to Tuco 115 kV Ratings Correction based on member feedback	Identified model correction resolves Economic need
2019ITPE1N017 2019ITPE2N016	S Shv to Wallace Lake 138kV FLO Fort Humbug to Trichel 138kV	Load adjustment for 10-year models	Identified model correction resolves Economic need
2019ITPE1N014 2019ITPE2N014	Hankinson to Wahpeton 230kV FLO Buffalo to Jamestown 345kV	Hankson to Wahpeton 230 kV Ratings Correction based on MTEP Information	Identified model correction resolves Economic need
2019ITPE1N024 2019ITPE2N029	Potter Co to Bushland 230kV FLO Potter Co to Newhart 230kV	Potter County to Bushland 230 kV Ratings Correction based on member feedback	Identified model correction resolves Economic need
2019ITPE1N025 2019ITPE2N020	Sioux City to Sioux City 230kV FLO Raun to Sioux City 345kV	Sioux City 230 kV Bus Tie Ratings Correction based on member feedback	Identified model correction resolves Economic need
2019ITPE2N032	Maryville to Clarinda 161kV FLO Maryville to Maryville E 161kV	Maryville to Clarinda 161 kV Ratings Correction based on member feedback	Identified model correction resolves Economic need
2019ITPE1N018	Kildare to White Eagle 138kV FLO Woodring to Hunter 345kV	Kildare to White Eagle 138 kV Rebuild (AQ Sponsored Upgrade)	Identified model correction resolves Economic need
2019ITPE1N004 2019ITPE2N007	Carthage Southwest to Purcell 161kV FLO Asbury Plant to Carl Junction 161kV		No solution identified for Economic need
2019ITPE1N005 2019ITPE2N008	Asbury to Carl Junction 161kV FLO Asbury to Purcell Southwest 161kV		No solution identified for Economic need
2019ITPE1N019	Marshall to Smittyville 115kV FLO Harbine to Steele 115kV		No solution identified for Economic need
2019ITPE2N025	Grand Forks to Falconer 115kV FLO Drayton to Prairie 230kV		No solution identified for Economic need
