Phil Westby, Basin Electric Power Cooperative  
Noman Williams, GridLiance High Plains LLC  
Gayle Nansel, Western Area Power Administration  
Andrew Berg, Missouri River Energy Services

Proxies:

Jeremey Harris for Derek Brown (Evergy)

Richard Dahl for Andrew Berg (MRES)

Adam Bell (SPP) confirmed there was a quorum and provided the antitrust statement. Nathan McNeil reviewed the agenda for any changes.

## CONSENT AGENDA

The consent agenda included five items including four sets of previous TWG meeting minutes and revision request 443 on resource retirement business practice clarification. The RR was based on a policy paper already approved by the TWG.

- **Noman Williams (GridLiance) made a motion for the TWG to approve the consent agenda. Kalun Kelley (WFEC) seconded the motion. The motion passed with one abstention: MRES.**
  - **September 29, 2020 TWG Meeting Minutes**
  - **October 7, 2020 TWG Meeting Minutes**
  - **November 3, 2020 TWG Meeting Minutes**
  - **December 2, 2020 TWG Meeting Minutes**
  - **RR 443: Resource Retirement Business Practice Clarification**

## AGENDA ITEM 2 – TWG ITEMS

Adam Bell (SPP) reviewed several items with the group related to year-end review and the continuous improvement of the TWG.

- **Membership Changes** – Nathan McNeil (Midwest) informed the group that Andrew Berg of Missouri River Energy Services has been added as the newest voting member of the TWG. Mr. Berg will be taking the place left by Daniel Benedict's resignation.
- **2020 Effectiveness Survey** – Adam Bell (SPP) reviewed the TWG results from the 2020 Organizational Effectiveness Survey. Mr. Bell highlighted the group's lowest and highest effectiveness scores and discussion was held on each item. Several consensus takeaways emerged from the conversation, including encouraging more TWG members to be involved in each meeting, more communication from SPP staff on what is "driving" agenda items, and improving communication around approval items.

- 2021 Action Items, Work Plan, and Goals – Adam Bell (SPP) reviewed the outstanding action items and began the discussion of creating a multi year TWG workplan.
- 2021 TWG Meeting Schedule – Adam Bell (SPP) proposed to the group to change the remainder of the 2021 TWG meeting schedule to net-conferences due to the uncertainty of our ability to meet face-to-face. The group agreed and Mr. Bell noted SPP staff will move forward with scheduling the remainder of the meetings on the SPP website.

### AGENDA ITEM 3 – GI DYNAMICS DISPATCH

William Holden (SPP) provided the group a presentation on SPP staff's proposed changes to the SPP GI process dynamics dispatch methodology. The proposed changes were a result of the previous generator interconnection improvement task force and to help address the current GI backlog. Mr. Holden requested the group approve the proposed changes. TWG members had questions related to the potential impacts of making this change in the middle of ongoing GI studies.

**Jason Shook (GDS) made a motion to approve SPP staff's recommendation for the TWG to approve the application of SPP Business Practices 7350 to the MDWG Dynamics Light Load Cases dispatch when used in the stability analysis. Steve Hardebeck (OGE) seconded the motion. The motion passed with one opposition: Liberty and one abstention: Sunflower.**

### AGENDA ITEM 4 – 2021 MOD-030 FLOWGATE ASSESSMENT SCOPE

Brian Sweeney (SPP) provided the group with the proposed scope document for the 2021 MOD-030 Flowgate Assessment. Mr. Sweeney noted that no changes were made from the previous year except for the one highlighted in his presentation. TWG members requested a redlined version be provided in future updates to show the year-to-year changes.

**Josh Verzal (OPPD) made a motion to approve the 2021 MOD-030 Flowgate Assessment Scope. Shane McMinn (GSEC) seconded the motion. The motion passed unanimously.**

### AGENDA ITEM 5 – RR 430 GI DATA REQUEST REVISIONS

Doug Bowman (SPP) reviewed a revision request to address the recommendation from the MOPC-endorsed SPP 2019 Inverter Based Generation Integration Study to require Phase-Locked Loop data and Electromagnetic Transient vendor models for inverter-based resources proposed by customers in the Generation Interconnection Request. The group discussed and asked questions which included the addition of two new TWG actions items.

**Josh Verzal (OPPD) made a motion for the TWG to approve RR 430 – GI Data Request Revisions. Randy Lindstrom (NPPD) seconded the motion. The motion passed unanimously.**

**TWG Action Item: SPP Staff to bring back GIA language revisions addressing the GI process changes that will be implemented with RR430.**

**TWG Action Item: SPP Staff to evaluate the GI schedule concerns related to the changes that will be implemented with RR430.**

#### AGENDA ITEM 6 – DPP PROCESS IMPROVEMENTS

Kirk Hall (SPP) discussed the DPP fee schedule proposal. Mr. Hall had adjusted the proposal in front of the group based on the discussion at the last TWG meeting. The TWG continued to have discussion on the item and revised the motion provided by SPP staff to better mirror the groups thoughts. The discussion ended with the group noting that further conversation would be needed on deciding what the appropriate amount for the DPP Fee will be.

**Josh Verzal (OPPD) made a motion for the TWG to approve SPP staff’s revised motion for the TWG to endorse the development of a revision request for a DPP Fee Schedule. John Knofczynski (EREC) seconded the motion. The motion passed with two in opposition: XCEL, GridLiance and one abstention: ITC.**

#### AGENDA ITEM 7 – TWG ACTION ITEM 186: MODEL REDUCTION

Sunny Raheem (SPP) reviewed the base planning model reduction recommendation and indicated it would be back in front of the group for approval in an upcoming meeting. This discussion was guided by the model reduction whitepaper that was posted with this meeting’s materials.

#### AGENDA ITEM 8 – 2021 ITP MITIGATION

Chris Davis (SPP) informed stakeholders the 2021 ITP assessment is now in red status, meaning the October end date is at risk and a mitigation plan is necessary to meet the study deadline. Chris reviewed the proposed mitigation plan with the members and asked for feedback. Mr. Davis addressed the TWG’s questions and stated this will be discussed again in upcoming meetings and will likely be for approval.

#### AGENDA ITEM 9 – REMEDIAL ACTION SCHEME POLICY

Due to time constraints this item was only briefly discussed. The TWG was encouraged to review the posted materials and provide any feedback to Adam Bell.

#### INFORMATION POSTINGS AND "IF TIME ALLOWS"

Due to time constraints no items in this section of the agenda were covered during the meeting.

#### AGENDA ITEM 10 – ACTION ITEMS AND FUTURE MEETINGS

Adam Bell (SPP) reviewed the two added action items and future meetings.

With no new business, Nathan McNeil, Midwest Energy, Inc., adjourned the meeting at 3:00pm.

Respectfully Submitted,

Adam Bell
