

2021 ITP Draft Project List - Updated

- **Action Required**

SPP staff requests stakeholders review the updated 2021 ITP draft project list and provide feedback. The draft list of projects for the 2021 ITP has been posted to [GlobalScape](#). The intent of this project list is to show the top-ranking projects staff has identified to solve any remaining needs which have not been addressed by model adjustments, previously issued NTCs, or operating guides.

The project list has been updated to incorporate feedback from Stakeholders. The Study Cost Estimates received by SPP have been incorporated into this posting of the draft project list. Stakeholders should review the cost estimates and notify SPP if there are any impactful monetary differences. In addition, Stakeholders should review projects for feasibility and notify SPP if the posted project is not feasible to construct.

- **Entities Required to Provide Feedback:** All interested stakeholders.

- **Due Date and Method of Submittal**

Feedback regarding the updated draft project list should be submitted via the SPP [Request Management System](#) (RMS), using the "Submit Information" **Quick Pick** and "Integrated Transmission Planning (ITP)/Data Submission" **SubType1**. Feedback related to the draft project list is requested as soon as possible but no later than **end of day Thursday, November 4, 2021**.

- **Changes from Last Pass:** Incorporated stakeholder feedback, corrected conceptual cost estimates, incorporated available Study Cost Estimates and incorporated additional projects for consideration in the final portfolios that were not included in study cost estimate requests. Study Cost Estimates reported may not represent the cost of all upgrades associated with the project.
 - Please note that the SPS target area solutions included in this posting are placeholders and have not yet been finalized.
